

Socialist Alliance says ...

Money for Medicare, not for war

John Howard's government is intent on destroying everything that working people have gained in the past 50 years – Medicare, access to higher education, and the right to a decent job with union protection.

On top of this he took Australia into an illegal war and an on-going occupation in Iraq by lying to us once again.

That's why the Socialist Alliance joins with millions of others in saying the Liberals have to go.

Many people hope that Labor under Mark Latham has a chance of winning. But we don't just need a new face – we need a whole new set of priorities for our society.

For all his talk, Latham supports the US alliance and the free market policies that have brought us privatisation, casual jobs and insecurity. That's why the Socialist Alliance is standing in the federal election – to give the working people of Wills a real choice. We are for:

- Defending and extending Medicare, not funding a permanent war.
- Free education and taxing the rich to pay for it.
- Secure jobs and an end to union-bashing laws.
